Inflama-Rest™

Bio-Aligned Formula ™ * COX-2 Inhibitor

enlarge bottle

Inflama-Rest is a Bio-Aligned formula that may ease joint function and support comfortable movement via inhibition of the COX-2 enzyme. It also addresses additional factors shown in scientific research to influence muscle and joint comfort: nuclear factor-kappa B activity, leukotriene regulation and nitric oxide production. Inflama-Rest helps to protect cells from free radical damage. It is specially formulated with adaptogenic herbs and minerals that may help reduce muscle tension associated with physical and emotional stress.
