Natural Factors Liv-Gall Cleanse is an important herbal formulation that supports the liver and gallbladder, containing standardized extracts of the primary herbs, milk thistle and turmeric.

A primary function of the liver (more than 500 functions of the liver have been identified) is detoxification. The liver neutralizes harmful poisons into harmless substances. As our prime defense against toxins, a fully functioning liver is essential.

Suggested Usage:
1 capsule, 1-3 times per day or as directed by a health professional.
