Sambucol™ Black Elderberry Extract

Description
Sambucol is the original, pleasant tasting black elderberry extract developed by world renowned virologist, Dr. Madeleine Mumcuoglu. Sambucol is the world's best selling and most extensively researched black elderberry extract and is produced through a patented process which uniquely isolates the key active constituent of elderberries.

Quality Issues

Laboratory tests show that only Sambucol contains the active constituent of elderberry responsible for it health promoting properties. It is the only clinically researched elderberry extract. Sambucol was awarded the best new herbal product in 1996, and has won three consecutive Vity Awards as the best elderberry product.
