vitamins and SUPPLEMENTS DAVINCI

Since 1973
Recommended By Leading Doctors

Gluconic® DMG Chewable 250 mg

A dietary supplement to support immune system, circulatory, cardiovascular, and neurological functions; muscle recovery and endurance.* Dimethylglycine (DMG) is a nutrient which is found in the cells of both plants and animals. The human body produces DMG in very small amounts. Supplementing the diet with higher levels of DMG greatly improves the nutritional environment of the cell. Dimethylglycine has been found effective in supporting immune system function and better utilization of oxygen at the cellular level.* DaVinci Laboratories of Vermont has been issued four U.S. Patents for N,N-Dimethylglycine's value and use in improving immunity and for benefiting cellular processes. DMG reduces lactic acid build up in the muscle thereby shortening recovery time after strenuous exercise and improving endurance.* DMG 250 is 250 mg of DMG in a great tasting chewable tablet sweetened with xylitol.

Each tablet provides 250 mg. N,N-Dimethylglycine.

Other ingredients: Xylitol, malic acid and vegetablew stearate.

As a dietary supplement, take 1 chewable tablet, 1 to 3 times daily.

Gluconic® DMG-250 2382

2382.6 (60 tablets)

2382.9 (90 tablets)
