Probiotic Acidophilus
Guaranteed 1 Billion Live Cultures

• Proprietary Blend Requires No Refrigeration
• Advanced, Triple-Shell Technology

Most acidophilus products claim a high number of probiotics, but their capsules and tablets simply don't allow live cultures to survive the naturally acidic, harsh digestive environment.

*But Natrol **BioBeads™** proprietary probiotic blend is uniquely protected, by an advanced triple shell that dissolves only upon reaching its destination. A billion probiotics guaranteed!*

1. OUTER LAYER ensures shelf-stability.
2. MIDDLE LAYER resists harsh stomach acid.
3. INNER LAYER dissolves in intestinal tract.
