Silver Colloidal 400, 4 fl. oz. (120 ml)
74220

Buy

Similar to Item no. 70720 except with a greater potency. A stable mild silver protein, with a particle size of 0.001 microns and a concentration of 400 ppm. 5ml (approx. 1 tsp) contains 2000 micrograms of silver. This is much more potent than the 50, so we suggest starting with 1/4 teaspoon three times per day. This product may cause a strong Herxheimer reaction.*

One serving of 1/4 teaspoon contains:
Silver (as Silver Protein) 500 mcg
Other ingredients:
Distilled water.

Suggested Use:
As a dietary supplement, 1/4 to 1/2 teaspoon one to three times daily, or as directed by a healthcare practitioner. Children may have a proportional adult dosage or adjust dosage to body weight.

CAUTION: We do not recommend prophylactic or continued, long-term daily administration of this product unless carefully monitored and evaluated by a healthcare practitioner. Pregnant or nursing women should consult their healthcare practitioner before use. Keep out of reach of children. Store at room temperature, do not refrigerate, avoid storage near light and other electromagnetic fields. AVAILABLE TO HEALTHCARE PRACTITIONERS ONLY.
