Why Cleanse Daily?

Every day your body is exposed to impurities and toxins that can build up inside and affect good health. Thisilyn ® Daily Cleanse is specially formulated to continually fortify your body's natural ability to detoxify. As a result, you feel healthy, refreshed an energized.

How the formula works:

Liver Function: A healthy liver clears 99% of toxins, bacteria and other impurities from the blood. Thisilyn® Daily Cleanse supports normal liver function, and exerts a protective effect against substances potentially harmful to the liver.*

Bile Production: Thisilyn® Daily Cleanse promotes liver bile production.* Bile carries toxins to the digestive tract.

Toxin Capture: Dietary fibers within Thisilyn® Daily Cleanse facilitate the transit of toxins through the intestine.*

Bowel Elimination: Swelling fibers in the gut encourage healthy bowel elimination, which helps sweep toxins from the body.

Thisilyn® Daily Cleanse fibers are easily dispersed and utilized in the digestive tract. While most milk thistle extracts clump in the digestive tract and are poorly absorbed, Thisilyn® dissolves easily—yielding 2X more of its key constituents for the body to absorb and utilize in the liver.

For a comprehensive, tri-phase internal detox, periodically use the clinical strength Thisilyn® Cleanse 15-day kits.

Supplement Facts

Serving Size 3 Capsules

Amount Per Serving		% Daily Value
Calories	10	
Total Carbohydrate	2 g	<1%†
