Product Description:

A dietary supplement to support adrenal function.* AdrenaLyze™ is an advanced formula that includes those nutrients that are essential to the proper functioning of the adrenal glands.* Research suggests that prolonged exposure to stress can result in immune and adrenal dysfunction.* This formula provides a variety of nutritional and botanical factors to support the body's ability to adapt to varying stressors from environmental or physiological causes and to help reduce stress reactions.* A synergistic combination of Vitamins and adaptogens, which work together to support healthy adrenal gland function (Pantethine, B Vitamins, Phosphatidylserine), aid in stress management (B Vitamins, Ginseng, Ashwagandha, Vitamin C) and to maintain cortisol levels within normal ranges (Licorice, Phosphatidylserine).*

Warning: This product contains licorice. Women with hormone sensitive conditions should avoid using licorice. Do not take this product if you are pregnant, diabetic, have hypertension, congestive heart disease, liver disease or kidney disease.

Take 1 capsule, 3 times daily.
