- **Unique, multi-action effectiveness**
- **High degree of safety**
- **No side effects**
- **No interference with CoQ10 in the body**
- **Low dose (only 2 softgels daily)**

Sytrinol™ is a powerful blend of bioflavonoids (polymethoxylated flavones) and tocotrienols extracted from natural citrus and palm fruits.

In clinical studies, patented Sytrinol™ delivers impressive cardiovascular benefits because of its ability to positively affect the amount of cholesterol and triglycerides produced by the body.* Sytrinol™ is effective for maintaining cholesterol and triglyceride levels already within the normal range.*

Dosage
Take 1 softgel twice daily, or as directed by your healthcare professional.

Dosage Form
