Ribose

Supports Muscle Recovery, Increases Energy & Endurance *

Dosage: 2200 mg (D-Ribose per serving)
Size: 100 Grams Powder
Category: Athletic Formulas
Product Number: 01025
Product Code: RIBPD

Usage: Take 1 to 3 scoops before or after exercise, or as directed by your qualified health consultant. Each scoop provides approximately 2.2 grams D-Ribose.

Ribose is a carbohydrate naturally found in all cells of the body. Physical stress can increase the loss of nucleotides (such as ATP, ADP and AMP) from the heart and skeletal muscles. Ribose metabolizes into 5-phosphoribosyl-1-pyrophosphate (PRPP), which is a rate limiting substrate used in the synthesis of nucleotides.*

Jarrow Formulas Ribose Muscle Edge™ is made in the USA by a process of microbial fermentation of natural vegetarian sources, and is protected by U.S. patents 6,159,942, 6,534,480, 6,218,366, and 6,339,716.

Keep out of the reach of children.
