EPA-DHA Balance

• Purified by molecular distillation to remove heavy metals, including mercury and environmental toxins. Meets stringent CRN and USP monographs for purity.

• Manufactured according to Good Manufacturing Practice (GMP) requirements.

• EPA and DHA support cardiovascular and brain function, enhance mood, and help to balance metabolic pathways involved in prostaglandin synthesis and response in such tissues as those found in joints and the circulatory systems.*

Warning: If you are taking anticoagulants or other medications, consult your physician before taking this product.

Keep out of the reach of children.
