ECHINAMIDE® Throat Spray with Propolis

Code 4746 (1 oz.) buy now

ECHINAMIDE products are created, only by Natural Factors, for powerful immune support and to help you fight off that cold or flu. This spray contains ECHINAMIDE echinacea extract and antibacterial propolis and other herbs to soothe the throat and freshen breath.

Helps to calm a ticklish, scratchy throat and improve breath. Especially protective when in contact with people who have colds and flu. Echinacea throat spray is convenient to carry. Just pop it into a purse or backpack and use it to lubricate a dry throat (useful for anyone who uses their voice a lot during the day: teachers, lecturers, singers, etc.)

ECHINAMIDE describes a super-extracted Echinacea purpurea liquid that guarantees high levels of alkylamides, polysaccharides and cichoric acid. ECHINAMIDE contains these actives in a base of the whole herb, so that none of the minor actives are missing.

Echinacea Throat spray also contains:
Goldenseal root and forsythia; Slippery elm; Licorice; Cloves, myrrh and black cherry to freshen breath.
