Enzogenol® 60 mg - 60 Vcaps®

Enzogenol is a powerful formulation of antioxidant bioflavonoids extracted from the bark of the New Zealand Pine (*Pinus radiata*) that is comparable to flavonoid formulations of other pine bark extracts. The flavonoids found in Enzogenol have been shown in clinical and non-clinical studies to support cardiovascular health and to protect cells and tissues from the damaging effects of oxidative stress. NOW® Enzogenol also contains Rutin and Grape Seed Extract for their synergistic antioxidant benefits.*

Enzogenol® Pine Bark Extract Fact Sheet

Neil E. Levin, CCN, DANLA
4/14/05

LIKELY USERS: Those seeking antioxidant protection; People trying to defeat the effects of aging

KEY INGREDIENTS: Enzogenol® from New Zealand Pine Tree bark (*Pinus radiata*) Rutin (200 mg) and Grape Seed Extract (50 mg)

MAIN PRODUCT FEATURES: Enzogenol® is a powerful formulation of antioxidant bioflavonoids extracted from the bark of the New Zealand Pine (Pinus radiata) that is comparable to flavonoid formulations of other pine bark products. The flavonoids found in Enzogenol have been shown in clinical and non-clinical studies to support cardiovascular health and to protect cells and tissues from the damaging effects of oxidative stress. NOW® Enzogenol® also contains Rutin and Grape Seed Extract for their synergistic antioxidant benefits.

ADDITIONAL PRODUCT USE INFORMATION & QUALITY ISSUES: Enzogenol® is a powerful and highly effective formulation of antioxidants extracted from fresh New Zealand pine bark – one of the most comprehensive complexes of natural antioxidants. A breakthrough in processing technology combines all of these antioxidants in an Enzogenol® capsule in exactly the same ratios as are present in the tree's bark. What's more, the revolutionary pure-water extraction process doesn't use toxic solvents like traditional extraction processes do.

SERVING SIZE & HOW TO TAKE IT: One to four capsules a day as an antioxidant dietary supplement.

COMPLEMENTARY PRODUCTS: Other antioxidants including Vitamin C, VitaBerry Plus+TM, Alpha Lipoic Acid, NAC, etc.

CAUTIONS: There are no specific cautions with this product.

GENERAL CAUTIONS: Pregnant and lactating women and people using prescription drugs should consult their physician before taking any dietary supplement. This information is based on my own knowledge and references, and should not be used as diagnosis, prescription or as a specific product claim. Information given here may vary from what is given on the product label because it represents my own understanding of the science underlying the formula and ingredients. When taking any new formula, use common sense and cautiously increase to the full dose over time.

Disclaimer: These statements have not been evaluated by the FDA. This product is not intended to diagnose, treat, cure or prevent any disease.

any disease.
