Whey Factors™ High Protein Formula

Natural Factors WheyFactors™ is a high quality, low carbohydrate protein powder with a high biological value and concentration of muscle-enhancing branched-chain amino acids (BCAA). Not just for athletes, Whey Factors is an excellent dietary source of protein for active adults, children, the elderly or anyone who needs to boost their intake.

Protein provides long term energy, helps build lean muscle and supports healing and recovery for the ill or injured.

Low in lactose, and with only 1 gram of digestible carbohydrates per serving, Whey Factors is 100 % Whey in a non-hydrolyzed, high quality concentrate and isolate protein blend. You get the highest percentage of protein per gram of whey. Anti-inflammatory bromelain and other enzymes make Whey Factors easy to digest.

Choose from Double Chocolate, Very Strawberry, Vanilla or Unflavored. No artificial flavors or sweeteners.

Suggested Usage:
Use as directed on the package.

Also Available:
Natural French Vanilla Flavor - 12 oz - 2926
Natural Strawberry Flavor - 12 oz - 2928
Unflavored - 12 oz - 2929
