Feel better Faster! Clinically tested UMCKA shortens the duraton and reduces the severity of throat, sinus and bronchial irritations. It provides effective relief of upper respiratory tract irritations. Unlike other remedies that simply mask symptoms, UMCKA helps you recover faster!

UMCKA originates from the traditional African Zulu medicine for coughs and respiratory ailments. It is made from Pelargonium sidoides- a species of geranium unique to South Africa. Doctor recommendation and user satisfaction make P. sidoides a leading European medicine. Easy dose syrup, quickly absorbed, delicious cherry flavor, alcohol 0.6%, homeopathic Pelargonium sidoides 1X.

Dosage
For best results, use at first sign of symptoms and continue to use for an additional 48 hours after symptoms subside. Adults and children 12 years of age and older: take 1 ml 3-5 times daily. Children under 12: consult a doctor.

Precautions
If sore throat is severe, persists more than 2 days, is accompanied or followed by a fever, headache, rash, nausea, or vomiting, consult a doctor promptly. Ask a doctor before use if you have a cough that lasts or is chronic such as occurs with smoking,

Drug Facts

Active ingredient Purpose
Pelargonium sidoides
Shortens duration &
1X Tincture
reduces severity of upper respiratory symptoms

Uses
■ shortens duration and reduces severity of symptoms associated with the common cold and throat/sinus/bronchial irritations:
- ■ congestion
- ■ cough
- ■ headache
- ■ hoarseness
- ■ minor aches
- ■ sore throat
- ■ helps loosen phlegm (mucus) to make coughs more productive

Warnings
Sore throat warning: if sore throat is severe, persists more than 2 days, is accompanied or followed by a fever, headache, rash, nausea or vomiting, consult a doctor promptly.

Ask a doctor before use if you have ■ a cough that lasts or is chronic such as occurs with smoking, asthma or emphysema ■ a cough accompanied by excessive phlegm (mucus).

Stop use and ask a doctor if ■ symptoms do not get better within 7 days ■ fever worsens or lasts more than 3 days ■ new symptoms occur. These could be signs of a serious condition.

If pregnant or breast-feeding, ask a health professional before use.

Keep out of reach of children.
