[Direction for Use]

As a dietary supplement, take 1~3 tablet(s) twice a day or as directed by your practitioner.

For the best benefit we recommend to take **6 tablets a day** (2 tablets x 3 times). It is equivalent to **72 drops of Grifron®-Pro Tinctures** (1 tablet = 12 drops). You may increase or decrease the dose according to your body weight.

[Product Description]

Grifron®-Pro Maitake D-Fraction® Tablet is a combination of whole Maitake mushroom powder and standardized **"active proteoglucan"** in a easy-to-swallow small tablet from with **professional strength**.

Grifron®-Pro Maitake D-Fraction® Tablet is a tablet version of the Grifron®-Pro Tincture line, the most purified and concentrated products among our D-Fraction line.

Maitake mushroom (*Grifola frondosa*) is an edible tasty mushroom prized in Asian countries for centuries. Since the 1980s Maitake mushroom became a subject of scientific studies, and researchers found that it supports healthy immune functions, healthy blood glucose levels and healthy blood pressure in laboratory animals.*

The **active proteoglucan**, often referred to as **D-fraction** by scientists, is a unique **beta-glucan** conjugated with protein, which has been identified and isolated as a responsible substance for **potent immune-activating property** of Maitake mushroom.*

Grifron®-Pro Maitake D-Fraction® Tablet contains **no alcohol, sugar, yeast, mold, gluten, dairy products, artificial colors, preservatives, pesticides, herbicides or fertilizers**.

Grifron®-Pro Maitake D-Fraction® Tablet contains 4 times more **active proteoglucan** per tablet and provides 6 times more **active proteoglucan** per serving compared to Grifron® Maitake D-fraction® **Capsule**. Also, to take the same amount of the **active proteoglucan**, the **Tablet** is more economical than the **Capsule**.

Maitake D-Fraction® is the registered trademark of Maitake Products, Inc. which holds the exclusive right to use the trade name.
