Dandelion Root 1:1.5

Dandelion Root has long been considered a liver and galbladder tonic, and digestive stimulant.

Who might benefit from this herbal supplement? Those with liver disease, upset stomach, loss of appetite, heartburn; those in need of liver and gallbladder detoxification; those suffering from constipation.

Dandelion is commonly used as a food. The leaves are used in salads and teas. The roots are sometime used as a coffee substitute. The leaves and roots have been used traditionally to treat liver, gallbladder, kidney and joint problems. Dandelion is categorized by many herbalists as a blood purifier, or "alterastive."

Phyto-Tech™ Dandelion Root 1:1.5 contains Fresh Dandelion Root (Taraxacum officinale) 667 mg/ml, Grain Alcohol, Pule Deionized Water. Certified Organic.
