Prebiotin Prebiotic Fiber

Add to Cart

Prebiotin Prebiotic Fiber Supplement offers a full-spectrum prebiotic (Oligofructose-Enriched-Inulin, or OEI). Unlike ordinary prebiotics such as Inulin or FOS, OEI ensures that Prebiotin nourishes beneficial bacteria throughout the colon. OEI is also the most-researched prebiotic, used in many university and clinical studies.

Prebiotin Prebiotic Fiber comes in a 240 gram jar – 60 servings – with a convenient measured serving scoop. Add and stir vigorously one to two scoops daily to your favorite beverage, or sprinkle over food to receive the full benefit of recommended dosage. See How to Take for specific usage instructions.

Prebiotin Prebiotic Fiber is fat free, cholesterol free, sodium free, gluten free, vegetarian and low in carbohydrates. Plus, at less than 70 cents per serving, it's far more affordable (and healthy) than a cup of morning coffee.

Benefits of Prebiotin

Research shows Prebiotin:

- Increases good colon bacteria
- Increases calcium absorption
- Increases Bone Density
- Enhances the Immune System
- Reduces Triglycerides
- Controls Appetite and Weight
- Reduces Colon Polyp and Cancer Factors
- Improves Bowel Regularity
- Reduces Allergies and Asthma
- Decreases Flatus Smell

Manufactured in the U.S.A. in an FDA-inspected, GMP-certified facility.

Jackson GI Medical, Makers of Prebiotin, suggest you consider Prebiotin Prebiotic Fiber if your area of concern is:

- Better Digestive Health
- Nourishing Beneficial Bacteria
- Enhancing a Probiotic Supplement
- Enhancing Immunity
- Inflammatory Bowel Disease such as Crohn's or Colitis
- Allergies
- Asthma
- Excess Appetite/Weight
